

The Jewish Community Council of Montreal expresses deep concern regarding recent events involving what appears to be an attempted firebombing targeting Congregation Beth Tikvah and Federation CJA West Island. Baruch Hashem, no injuries were reported. We extend our appreciation to the SPVM for their swift response to this matter and their ongoing efforts in the investigation.

Antisemitism is an abhorrent and intolerable scourge that demands resounding denouncement and unwavering condemnation, regardless of whether it surfaces in venomous words or heinous actions. Those who perpetrate these vile acts must be held unequivocally accountable for their despicable behavior.

The Jewish Community Council of Montreal has been communicating with the SPVM to ensure the safety and security of our community members. They have shared with us that as of now there is no indication of an increased threat level to the Montreal Jewish Community. Please be assured that we will continue to provide updates as more information becomes available.
