Traveling With Arba Minim (Lulav And Etrog) To The US

The Jewish Community Council of Montreal has met with U.S. Customs and Border Protection to prepare border agents to properly handle the arba minim.

Travelers entering the United States with lulavim and esrogim will be questioned about these items, which can be brought into the United States for personal use only.

Once these items have been cleared as free of pests and diseases, they will be released.

Border agents are sensitive to the handling of these items, and will ensure that the passenger himself opens, unwraps and rewraps the esrog, lulav, hadassim and aravos.

In order to avoid delays, please make sure that the lulav and esrog are easily accessible at the border.

Wishing you and your families a good yom tov.
